

DAIRY VEGETARIAN CATERERS

To our valued customers and friends

At Sonny Langers Catering, the health and safety of customers and our employees is our number one priority. We believe caterers provide a necessary public service and are an integral part of the food supply chain. Sonny Langers will remain open for the communities who rely on us: those who may not be able to prepare food for themselves and those simply seeking the comfort of a delicious catered meal.

We know you likely have concerns about COVID-19, so we wanted to take a moment to assure you that we have heightened all of our precautionary standards and procedures to ensure you and our team members stay safe and healthy.

Sonny Langers has taken the following steps to provide a safer environment:

Building on what has always been a strict set of sanitation standards and hygiene protocols in our kitchen, we are implementing heightened sanitation and hand-washing procedures for all employees

Increasing the frequency and extent of our cleaning practices

Installed hand sanitizer dispensers throughout our kitchen

Educating our employees on preventative measures provided by Toronto Health

Encouraging employees who exhibit any symptoms of flu or COVID-19 to report their illness to management and stay home

While COVID-19 is not a food-borne illness, we will continue to follow the Toronto/York Public Health best practices for food preparation

We know that for many of you having parties with friends and family is a cherished activity. We will continue to accept catering orders during this difficult time. We are in this together. Should you need any assistance placing a Passover order, catering order or just adjusting an existing catering order please call the Sonny Langers directly. We are here to make this process as easy and seamless as possible. If you have an upcoming event, we look forward to serving you and your guests!

We offer a robust menu of delivery options and are happy to cater breakfast, lunch and dinner to your office or home.
